

3M

3M™ DI-NOC™

Architectural Finishes

A comprehensive collection of meticulously crafted architectural finishes, the DI-NOC series offers a cost-effective solution for transforming ordinary architectural elements into extraordinary. Utilizing 3M technology, these dynamic

films have the ability to conform to flat or curved surfaces, providing unlimited design potential.

On Front: (Top to Bottom) FW-1307, VM-305, FW-1218
